DETAILED ACTION

Response to Amendment

The Amendment, filed on 5/25/04, has been entered and acknowledged by the Examiner.

Claim 4 has been canceled.

Allowable Subject Matter

1. Claims 1-3, 6-13, and 15-20 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation that a thin-film EL device has a multiplayer dielectric layer formed by repeating solution coating-and-firing steps a plurality of times and having a dielectric layer with a thickness at least four times as thick as the electrode layer and the those layers having a thickness of 4 – 16 microns inclusively.

Regarding claims 2-3, 6-19 and 15-20, claims 2-3, 6-19 and 15-20 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
